HRDPOWER.NET

Firstly, thank you for the continuous support your team has rendered so far since the day BP PLASTICS embarked on HRDPower.Net.

We are pleased with the support and expertise SMR HRT has provided us since July 2005. From the competency profiling modeled after the PAGE framework till the complete implementation of HRDPower.Net, we have gained so much of knowledge and experience, in particularly the Competency Management.

We strongly believe that with the ongoing effort we are going to put in coupled with the effective HRDPower.Net, our organization will shift a gear higher in our human capital growth and competency advancement. Together with SMR HRT, BP Plastics will continue to excel and move towards greater heights!

Last but not least, a big thank to Dr Palan and your team.

Yours faithfully,

Kelly Tan
Human Resource Manager
